# Executive Summary

## AP-05 Executive Summary - 91.200(c), 91.220(b)

### 1. Introduction

The Consolidated Plan for the City of Middletown has been prepared in response to a consolidated process developed by the U.S. Department of Housing and Urban Development (HUD) for the Community Development Block Grants (CDBG) program.

This Consolidated Plan outlines housing, community and economic development needs, priorities, strategies, and projects that will be undertaken by the City of Middletown with the funds that the City receives from the U.S. Department of Housing and Urban Development (HUD). As an entitlement community, the City receives an annual share of federal Community Development Block Grant (CDBG), and through the Butler County HOME Consortium, Home Investment Partnership (HOME) funds. In order to receive its CDBG entitlement, the City must submit this Consolidated Plan and First Year Annual Action Plan to HUD. The funds are intended to provide lower and moderate-income households with viable communities, including decent housing, a suitable living environment, and expanded economic opportunities. Eligible activities include community facilities and improvements, housing rehabilitation and preservation, development activities, public services, economic development, planning, and program administration.

The Consolidated Plan serves primarily as a planning document to guide the City's community revitalization and development efforts particularly for low and moderate income households in the community. The document is developed in accordance with established HUD guidelines for public input and participation. A secondary use of the document is as an application for federal funds under HUD's formula grant programs and the accompany strategy for how the City will impact the community using HUD funds and leveraged funds to accomplish the five-year objectives. The plan includes performance metrics as a basis for assessing performance over the life of the plan.

### 2. Summarize the objectives and outcomes identified in the Plan

The City's priority needs can be delineated into the 2 categories: (1) supports for low-income families and (2) community revitalization activities. The City will undertake the following 9 activities to address identified priority needs in the 5-yr consolidated plan.

1) Distressed and dilapidated housing: The City will rehab owner-occupied housing to address distressed and dilapidated housing. This activity will keep people in decent, safe, and affordable housing, especially low-income and elderly homeowners who are at high-risk for being displaced.

2) Poor street conditions: Public infrastructure, especially the condition of roads in LMI target neighborhoods, are a significant need and high priority.

3) Lack of amenities and attractive neighborhood appeal. The City has identified the neighborhood of Oakland as its priority LMI area for this ConPlan. Funds will be targeted to help address lack of amenities such as green space and create strong visual appeal through neighborhood beautification.

4) Lack of qualified work force. The City's strategy is to address issues of generational poverty and strengthen the economic core of the community. This strategy connects public/private resources with partner efforts to improve the local economy. Through the 5-yr ConPlan the City will work specifically on efforts of workforce development to prepare those without employment, those who are underemployed or those not currently in the labor force to be prepared to fill the jobs available in the community.

5) Lack of youth activities. The City will continue activities to provide a safe haven for youth in the City. Through its partnership with CBI, the City will be able to continue its work to meet the activity needs of LMI youth.

6) Insufficient social services including mental health and substance use disorder treatment. The City will continue to leverage established partnerships and actively support efforts to strengthen social services in the community.

7) Addressing needs of homeless households. The City's homelessness strategy was developed in cooperation with BCHHC. The City has an appointed member on the Board and serves to cooperate with the balance of the county to support persons experiencing homelessness. The strategic priorities of BCHHC include advocating for individuals and families experiencing or facing homelessness; ensuring there is an adequate system of care for those experiencing homelessness; and supporting projects that enhance and improve the continuum of care for those experiencing homelessness in the community. The Coalition serves as the primary vehicle for public and private entities serving the homeless to work cooperatively to prevent homelessness, serve persons through a shelter system who are experiencing homelessness and responsibly rehouse persons into permanent, stable housing as quickly as possible.

8) Ensuring there is appropriate housing for LMI households: The City has significant numbers of affordable housing rental units in the community. The City will continue to draw on its affordable housing partners such as BMHA, BCHHC and NHS to ensure LMI renter households have decent, safe and sanitary housing options. In addition, the City will continue to offer down payment assistance for LMI homeowners and work through key partners to provide LMI homeowner repairs and rehabilitation.

9) Fair housing activities: Fair housing continues to be a priority for the City, specifically education and responses to fair housing complaints. The activities will be addressed through the partnership with HOME.

### **3. Evaluation of past performance**

The City has used its CDBG funds to make impact in its priority areas. The City has invested CDBG funds in youth services. CDBG dollars have paid to provide assistance to LMI homeowners to make necessary repairs. Fair housing is prioritized through both awareness and education met ably through the City's partnership with HOME. Fair housing complaints are investigated and appropriately addressed. New homeowners have become part of the fabric of the community as a result of down payment assistance. The City has increased its involvement with local initiatives that contribute to the health and well-being of LMI households including Butler County Land Bank and the Butler County Housing and Homeless Coalition. The performance metrics and extent of the City's accomplishments are detailed in the City's CAPER.

### **4. Summary of Citizen Participation Process and consultation process**

Summary from citizen participation section of plan.

A well-publicized public hearing was held to present and review the Annual Action Plan – March 1, 2022 at City Hall, One Donham Plaza, Middletown, Ohio. This session was part of a strategic effort to maximize participation by the public to the greatest extent possible. The public hearing was advertised in the local newspaper, through letters sent to local community organizations, and on the city's website.

The City invited community organizations to be included in the Annual Action Plan by providing opportunities for organizations to submit projects to be included in the plan. Nine projects were submitted for consideration.

### **5. Summary of public comments**

The City followed its HUD-approved plan for citizen participation. For the Annual Action Plan, comments were sought for inclusion both from an advertised public hearing on March 1, 2022 and the 30-day comment period which ran from February 9 – March 9, 2022.

No comments were received during the 30-day public review period.

### **6. Summary of comments or views not accepted and the reasons for not accepting them**

No additional comments were received during the 30-day public review period

### **7. Summary**

The Annual Action Plan supports the goals and outcomes outlined in Consolidated Plan, the guide for the City's community development efforts over the five-year period 2020 - 2024.

## **AP-10 Consultation - 91.100, 91.200(b), 91.215(l)**

### **1. Introduction**

The City of Middletown is committed to addressing the community's priority needs in the most efficient and effective way possible. To that end the City partners with a variety of public and private agencies and organizations that enhance the work of the City in the areas of social service, homeless activities and programs, economic development, housing and healthcare.

#### **Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).**

The City actively pursues opportunity to coordinate with initiatives, organizations and providers that impact the City of Middletown and its residents. The City participates in the Butler County Housing and Homeless Coalition which is comprised of both housing providers and agencies involved in provision of service for households experiencing homelessness. A staff from Development Services Department serves as an ex-officio member of the Board and attends monthly meetings of the board and monthly meetings of the general membership. Members of the coalition include cross-system representatives from housing, social services, behavioral health, and community action, including publicly-funded organizations that include Mental Health and Recovery Services Board, Butler Metropolitan Housing Authority, Butler County Community Development, YWCA, and Hope House.

In addition, the City works with public health officials, social service agencies, business districts, educational institutions, including Middletown Public School and Miami University, to be keep apprised of needs and coordinate efforts to meet needs in the community.

For the development of the Annual Action Plan, the City sought input from its community partners and through its citizen participation activities.

#### **Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.**

The Balance of State Continuum of Care (BOSCO) is comprised of the 80 rural counties in Ohio, covering all non-entitlement communities in the state. Butler County is the largest of the counties included in BOS and has the BOSCO's two largest congregate shelters, Serve City which houses 52 people and Hope House which houses 40. Butler County Community Development is the grantee of HUD CoC funding for permanent supportive housing which houses 70 chronically homeless individuals and families. The Ohio Department of Development and the Coalition on Homelessness and Housing in Ohio (COHHIO) serve as the lead agencies for the BOSCO. To better facilitate local coordination and planning

efforts, BOSCOG established regional Continua of Care (CoC). These local CoCs address community-level planning, identify service gaps, and plan and prioritize new and renewed homeless assistance projects. Butler County is a member of Region 14 under BOSCOG, which is comprised of Clermont, Warren and Butler Counties. Butler County also has a private 501c3 nonprofit, Butler County Housing and Homeless Coalition, which oversees initiatives and coordinates programs around homeless services within the county. The City is actively involved with this Coalition and its members.

All HUD-funded providers report into the State of Ohio's Homeless Management Information System. The community uses this system to inform its efforts to understand the extent of homeless, identify needs and review impact of various homeless programs and services.

**Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS**

COHHIO has established priorities for the Balance of State and the performance standards by which all HUD-funded programs are measured. Every year, HUD provides resources to communities around the country through its Continuum of Care Homeless Assistance Programs. ODOD and COHHIO coordinate the process and prepare the application for funding for the BOSCOG. To this end, a regional board as well as BCHHC engage with individual nonprofit partners to outline a strategy for local services and programs.

BOSCOG Advisory Board

The Advisory Board is the primary planning body for the BOSCOG. Its members are responsible for making recommendations on policy decisions and the work of the Steering Committee. One person from Butler County serves on this Board. In addition, the Advisory Board reviews and approves the process for evaluation of projects and completion of the Continuum of Care application for HUD funding. Members include housing and homeless service providers, funders, and advocates from around the state. Final approval for all Advisory Committee decisions comes from the Office Chief, Office of Housing and Community Partnerships, ODOD and the Director for Community Development, ODOD.

BOSCOG Steering Committee

The Steering Committee is responsible for leading and engaging in most of the work related to maintenance of the Continuum of Care and the completion and submission of the annual application for federal funding through HUD's Continuum of Care Homeless Assistance Programs. Committee members also develop the application process plan, review and score HUD applications submitted by BOSCOG members, and engage in long-term CoC strategic planning. Members of the committee include staff of ODOD, COHHIO, and the Ohio Department of Mental Health (ODMH).

### BOSCOC Outcomes and Performance Committee

The Outcomes and Performance Committee is responsible for developing and implementing plans for the monitoring of BOSCOC homeless programs, with an emphasis on outcomes. Committee members engage in the development of improvement plans with programs, and provide guidance to the Steering and Advisory Committees regarding renewal programs/outcomes for the CoC application process.

### BOSCOC HMIS Core Group

The HMIS Core Group coordinates statewide HMIS training and data collection for all BOSCOC homeless providers receiving state/federal funding for emergency shelter, transitional housing, and permanent supportive housing (PSH), as well as organizations opting to participate in the BOSCOC HMIS.

### **1. Summary of citizen participation process/Efforts made to broaden citizen participation Summarize citizen participation process and how it impacted goal-setting**

The City considers the involvement of its low- and moderate-income residents to be essential to the development and implementation of its Five-Year Consolidated Plan and Annual Action Plans.

A well-publicized public hearing was held on March 1, 2022 at City Hall, One Donham Plaza, Middletown, Ohio. This session was part of a strategic effort to maximize participation by the public to the greatest extent possible. Public hearings were advertised in the local newspaper, through letters sent to local community organization and on the city's website.

The City invited community organizations to be included the Annual Action Plan by providing opportunities for organizations to submit projects to be included in the plan. Nine projects were submitted for consideration.

The City ensures that public hearings are held at times and locations convenient to potential and actual beneficiaries and with accommodations for persons with disabilities. The city makes accommodations for those individuals in need of special assistance.

Table 4 - Expected Resources – Priority Table

**Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied**

The City is working closely with development partners of the Oakland neighborhood to leverage private/public funds. In addition, matching requirements are satisfied through other eligible local resources and in-kind services.

**If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan**

In cooperation with Butler County, the City is part of the Butler County Land Bank. Middletown will continue to utilize the land bank to acquire vacant lots and properties to use for resale, demolition, or rehabilitation as appropriate.

The City of Middletown also owns the Robert Sonny Hill Jr Community Center which houses activities of CBI. CBI has been awarded funds in this Annual Action Plan for youth programming and workforce development activities.

## **AP-50 Geographic Distribution - 91.420, 91.220(f)**

### **Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed**

Public facilities and housing activities will be targeted to LMI neighborhoods in Middletown.

Public service activities (workforce development and youth activities) will be provided in the Douglass Neighborhood but open to all LMI qualifying persons throughout the City of Middletown.

Fair housing activities will be available to LMI-qualifying households throughout the City.

### **Rationale for the priorities for allocating investments geographically**

All funds and activities will be targeted at LMI areas and/or LMI households.

## **AP-75 Barriers to affordable housing -91.420, 91.220(j)**

### **Introduction**

The City of Middletown uses controls such as zoning ordinances, subdivision controls, permit systems, and housing codes and standards to ensure access to affordable and quality housing. The City is committed to ensuring the health, safety, and quality of life of its residents while minimizing the barriers that may impede the development of affordable housing.

Middletown has a significant number of old housing units. These units contain lead-based paint, asbestos, mold, or other hazards, which must be remediated in order to make the houses safe and bring them up to code. For units which are repairable without the need for full remediation, the City uses its CDBG funds through SELF and PWC to accomplish home repair. Other homes are removed through demolition while a fair number continue to be in disrepair. Housing efforts for the proposed annual action plan will be geared toward affordable housing development using in-fill lots in the Oakland area.

Middletown partnered with Butler County for the most recent development of Analysis of Impediments to Fair Housing Choice. The AI drives efforts for ensuring the city continues to remove identified barriers and work to increase access to fair housing for all residents.

### **Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment**

The AI revealed that the City of Middletown's public policies do not create barriers to affordable housing. The City's zoning ordinances, subdivision controls, permit systems, and housing codes and standards support the development of housing redevelopment. The City has been part of the local land bank and will seek to use this resource to better ready the community for residential investment.

### **Discussion**

The City will continue its work to implement the recommendations outlined in the AI. The City ensures fair housing opportunities through partnerships with Legal Aid and HOME and proactively seek redevelopment of affordable housing as it focuses its funds on housing for LMI households.

## **AP-85 Other Actions - 91.420, 91.220(k)**

### **Introduction**

The ongoing challenge for the City is to adequately meet needs with its available resources. The City constantly looks for opportunities to partner and seek greater levels of collaboration with local agencies and organizations in order to maximize and leverage its funds.

### **Actions planned to address obstacles to meeting underserved needs**

The City promotes its housing and community service programs in the areas with the highest concentration of low and moderate income households to address the continuing needs of the underserved population. The City uses its network of community based organizations, nonprofit, Chamber of Commerce, local newspaper, City newsletter, and community events to promote its activities and services.

### **Actions planned to foster and maintain affordable housing**

As articulated in the Consolidated Plan, the City will continue coordination and collaboration with the Butler Metropolitan Housing Authority, Butler County Land Bank, Butler County Housing and Homeless Coalition and other local nonprofits and public providers to foster and maintain affordable housing through:

- Mortgage assistance programs (HOME funds through Butler County Consortium)
- Development of workforce and affordable housing (CDBG and HOME funds)
- Coordination with neighborhood networks to elaborate on the needs of the community
- Housing Revitalization Programs (home repair assistance)
- Infrastructure improvements
- Provision of Fair Housing Services

### **Actions planned to reduce lead-based paint hazards**

The City will use its own funds to maintain current efforts to reduce lead-based paint hazards. No CDBG funds are anticipated to be used to this end.

### **Actions planned to reduce the number of poverty-level families**

The City takes a balanced approach to community revitalization. The economic development team works to stabilize and attract small business in an effort to create jobs and improve the local economy. Key stakeholders such as Community Building Institute, SELF and Middletown City Schools are working on issues of workforce development and life skills training. CDBG provides critical funding for large-scale infrastructure improvements and removal of blight but relies on its community partners to

engage in meeting critical basic needs such as healthcare, childcare, housing, and transportation. The alleviation of poverty is complicated and requires a multi-faceted approach. The City works with community partners to identify educational, life skills and training needs and provide opportunities for self-empowerment that will enable low- and moderate-income residents to become and remain self-sufficient and economically independent. The City seeks to support efforts to train youth and develop employment programs that will lead to livable wage job opportunities for its residents.

The ConPlan articulates the City's ongoing strategy to work with community partners to tackle issues of poverty and this Annual Action Plan provides direct funds for workforce development to address issues of poverty.

### **Actions planned to develop institutional structure**

The City of Middletown will continue to seek opportunity to continue to improve the systemic structures in the community. Through its partnerships with public and private organizations and its continued involvement in community collaborations and initiatives, the City will continue to identify gaps and look for creative solutions to improve the system for its residents.

### **Actions planned to enhance coordination between public and private housing and social service agencies**

The City plans to continue its involvement in the Butler County Housing and Homeless Coalition and work with other providers to coordinate housing initiatives and social service provision. The City has been a leader in efforts to identify coordination opportunities and address in services. The City will continue to work closely with Butler County in several areas including social services, workforce development and mental health/substance use disorder services. The City will continue to seek to establish new relationships with the private sector to accomplish economic and community development activities.

### **Discussion**

The City of Middletown's Department of Development Services takes the key role for implementation and monitoring its housing and community development projects to ensure long-term compliance with program requirements and comprehensive planning requirements. The City's partnership with Community Development Professionals enhances its ability to establish strong systems and ensure there are regular and ongoing monitoring visits with sub-recipients as needed as well as desk reviews, and financial and performance monitoring on a quarterly basis.

Monitoring of all City operated projects will be done through desk reviews, periodic reviews of the Action Plan and Consolidated Plan, reviews of funding applications, and through compliance with all

applicable federal regulations.

Each housing program funded by the City of Middletown is reviewed for compliance with federal regulations such as Section 504/Handicapped Accessibility, Lead Based Paint requirements, Housing Quality Standards (IPMC), Davis-Bacon, Section 3, and other federal requirements.
